

BIRMINGHAM OPEN FOR BUSINESS - OPEN STAGE
PROJECT PLAN

The project plan provides an opportunity for you to share with the selection committee details of your project. Here are some headers to help guide you in creating the plan:

What is the location of the project, including the neighborhood in which it's located?

What is the condition of the property now?

(ex. Vacant, needs some renovation, needs extensive renovations)

What is the total cost of the project (this should match your project budget)?

What is involved in getting the property ready to open?

(ie. complete renovation of vacant, unused space, build out of existing white boxed space - be as descriptive as possible)

What is the timeline of the project from start to opening? (be realistic in your projections)

Will the project create any jobs? If so, how many and of what kind?

How will the project benefit the community in which it is located?

When you have complete the template, be sure to convert it to a PDF and upload in the appropriate place on your application.
